

## **NOTICE OF PUBLIC COMMENT PERIOD**

### **DRAFT REMOVAL ACTION WORKPLAN HOBART ELEMENTARY SCHOOL ADDITION**

**Los Angeles, California**

**PUBLIC COMMENT PERIOD:** October 13 to November 12,  
2001

#### **WHAT'S BEING PROPOSED?**

The California Department of Toxic Substances Control (DTSC) invites public comment on the draft Removal Action Workplan for the Los Angeles Unified School District's Hobart Elementary School Addition site. This workplan addresses the removal and off-site disposal of approximately 40 cubic yards of soil at the proposed site, which is bounded on the north by San Marino Street, on the south and the west by the existing Hobart Elementary School, and by South Harvard Boulevard on the east in Los Angeles. During the site investigation, lead was detected in soil samples at concentrations that exceed health risk standards. Therefore, the contaminated soil was excavated and will be transported to a permitted offsite disposal facility.

#### **WHY THIS NOTICE?**

The purpose of this notice is to provide the interested public the opportunity to learn more about the project and provide comments to DTSC, concerning the proposed soil removal action, within thirty (30) days of this notice.

#### **HOW DO I PARTICIPATE?**

Your participation is encouraged. Comments concerning the draft Removal Action Workplan may be submitted in writing to Mr. Ken Chiang, Project Manager, at the Department of Toxic Substances Control at the address listed below, and must be postmarked by: November 12, 2001.
